

## Kerala Flood Appeal

The death toll is still rising, and the number of persons dispersed continues to grow as well.

Latest reports advise that approximately 800,000 are now homeless and in need of basic help – shelter and potable water.

The Indian National Crisis Management Committee has directed that focus should be on the provision of emergency supplies of:

- Food
- Water
- Medicines

As the flood water recedes in Kerala, Disaster Aid International is responding in partnership with the Indian Red Cross and Indian Rotary Clubs.

Food and medicines are not our speciality but, initially, 200 tents prepositioned in India, will be despatched.

As the flood waters subside we will be looking at how we can assist with the recovery from the disaster by using **Smart Aid** to rebuild homes and deliver safe water.
