

## Cyclone Idai Disaster Appeal

An initial assessment in Southern Africa by one of our trained volunteers confirms that the amount of aid required will be enormous. We are in touch with Rotary contacts in Zimbabwe and South Africa and will be working in partnership with them as the situation resolves and manageable projects are identified.

Water filters capable of handling water borne diseases, tents, tarpaulins, home repair kits, and tools are all known to be required so:

### Will you please help us to help others?

- £3,000 will help deliver a SkyHydrant providing up to 1,000 litres an hour of potable water for up to 10 years.
- £250 will help purchase home repair kits.
- £50 will help supply a tarpaulin for home repair and/or a temporary shelter.
- £10 will help provide hand tools to assist with rebuilding a family home.
